			Other Activity Asserted: 190000 - ##### I spoke with FTX customer service about having funds on FTX's online site and funds on the FTX app. I wanted to transfer the funds from one to the other, preferring the app thinking it would be more user friendly in the long run. The associate told me they couldn't do that and I would have to access the two fund separately. I told the agent that didn't make any sense, other apps like Coinbase allow me to move my funds around either online or through the app, why was FTX not allowing me access to all of my funds. This occurred early in March of 2022 and gave me a sense of uneasiness with the company so I decided not to invest any more money. Then in the Fall September after hearing the founder of Blockify talk on the PodCast "Animal Spirits" how their company was doing fine with FTX so I decided to join Blockify and invested a small amount more. To be honest, with all the news and multiple companies of FTX, Blockify I was confused as how to proceed through the court proceedings. I hope to get back the money I invested in their products, including the Brazilian Crypto. To this day I had wondered where it went, FTX had made that disappear from my view early on too. All this spelled red flags and I'm glad I followed my self learning of Financial Literacy that I gained through CoVid not to invest too much into speculative products i.e. FTX and BLBLOCKFOLIO!			0.000000000000000
